

SOLIDWORKS Composer Matrix

	SOLIDWORKS COMPOSER	SOLIDWORKS COMPOSER ENTERPRISE SYNC	SOLIDWORKS COMPOSER PLAYER (NO CHARGE)
Import SOLIDWORKS, Creo (read only)	■		
Update content with latest design changes (geometry, BOM tree, metadata)	■		
Create step-by-step procedures showing incremental components	■		
Capture exploded views with automated trail lines	■		
Add annotations (auto balloons, BOM table, arrows, detail views, and more)	■		
Change appearances (hide/show, transparency, colors)	■		
Create manufacturing BOM independent of engineering BOM	■		
Customize parts lists and properties for each view	■		
Create keyframe animation by drag-drop views on timeline	■		
Create interactive storyboards by adding links to relevant views	■		
Animate appearances and custom properties	■		
Interactive animation with markers	■		
Filter timeline keys for finer control	■		
Update animation with latest design changes			
Static images (raster graphics and vector line art)	■		
Dynamic AVI videos (multiple codecs supported)	■		
Interactive 3D documents (as lightweight executable)	■		
Interactive 3D PDFs and web pages	■		
Protect intellectual property (secure 3D brush, rights manager)	■		
Standardize styles for creating content (balloons, labels, annotations)	■		
Standardize profiles for publishing content (raster, vector, video, views, BoM)	■		
Standardize default document settings (import, output qualities, security rights)	■		
Publish consistent quality with paperspace (wYSiWYG—what you see is what you get)	■		
Automate content creation by using custom API programs	■		

Automate batch mode import of 3D files and publishing content	■	■
Automate document creation within existing workflow systems	■	■
Automate document translation by using custom XML program	■	■
Rotate, zoom, animate, measure, view BOM, section (rights controlled by author)		■
View step-by-step interactive instructions with no additional UI		■
Create custom applications to distribute internally or over website		■
